Sathish R

Industrial Automation Engineer → Python Developer

Chennai | +91 9962201208 | sathishr2111@gmail.com

EDUCATION

B.E. Mechanical Engineering
SMIT, Chennai | 2018

PERSONAL

LinkedIn: linkedin.com/in/sathish-r-72045118a

EXECUTIVE SUMMARY

Automation engineer with 7 years of industrial experience transitioning into software development. Recently trained in full-stack development with strong focus on Python and system architecture.

TECHNICAL ARSENAL

LANGUAGES & FRAMEWORKS

Python, JavaScript, SQL, C, C++, React, Node.js, HTML5, CSS3

CORE SYSTEMS

SDLC, System Design, Git, GitHub

PROFESSIONAL EXPERIENCE

2021 — 2025

Industrial Automation Engineer Formtech Industries, Chennai

- Architected plant-wide SCADA systems for real-time monitoring.
- Established secure industrial networks using EtherNet/IP and MQTT.

2019 — 2021

Industrial Engineer Formtech Industries, Chennai

- Designed industrial systems following structured lifecycle process.
- Implemented validation protocols for system reliability.

TECHNICAL PROJECTS

Smart Automated Material Handling System

- Designed conveyor layout using AutoCAD/CATIA for industrial use.
- Developed PLC-based automation for sensor-controlled movement.
- Integrated real-time monitoring for operational efficiency.
- Improved automation reliability through structured system design.
